## **HOW TO MAKE YOUR MASTERPIECE!**

1. Check out google and Pinterest. Make grand plans. Binge watch Cake Wars.
2. Involve your kids! Gather your supplies, pre-measure ingredients and line them up on the counter. Put everything you're going to need in a laundry basket, like extra sprinkles and a second roll of paper towels. Use your sharpest knife. Think of other unconventional tools like toothpicks, bubbles, Q-tips, paintbrushes and scotch tape – a Hot Glue Gun works MARVELOUS!.
3. Get out the vacuum and mop. Shower off your kids. Buy new baking pans to replace the ones you ruined with burned sugar.
4. Decorate house pieces while they are flat and drying.
5. Give in and call your mom or buy a kit at the store – they are super easy and fun!
6. Use things like graham crackers, ice cream cones, toilet paper rolls and left over Halloween candy!
7. Don't forget to challenge your friends, family, well-wishers and coworkers
